Comm. for Patents, Washington, D.C. 20231 at 703 308-7952 on  
June 2, 2003.

Signed

Richard Osman

LETTER RE APPEAL

The Commissioner of Patents  
Washington, D.C. 20231

Dear Honorable Board:

Since the filing of our appeal, we filed an identical continuing application Serial No. 09/933,549 with related claims which have been allowed by the same Examiner and will issue in US Pat No. 6,576,816 on June 10, 2003. Issuing claim 1 provides limitations similar to those of claims 1, 2 and 3 of this appeal, and is reproduced below:

1. A Brassica plant which comprises a recombinant glutamylcysteine synthetase expression construct to overexpress glutamylcysteine synthetase and thereby provides enhanced heavy metal accumulation as compared with a corresponding wild type plant.

Respectfully submitted,  
SCIENCE & TECHNOLOGY LAW GROUP
